

MUNICIPAL RESOURCES GUIDE

2023 Edition

The voice of Alabama's municipalities since 1935

The GUIDE

The League is excited to share the third edition of our Municipal Resources Guide. Alabama provides dozens of resources for local governments across several state agencies. As part of our mission to support our members, the League created this one stop guide to navigating these resources. While this guide does not include all the information about a program, it does provide an overview of valuable resources including program description, matching requirements, contact information and deadlines. This is also a living document that will be continually updated as municipal officials and employees endeavor to strengthen their communities.

Since 1935, the League has been the voice of Alabama's municipalities and has worked to strengthen municipal government through advocacy, training and the advancement of effective local leadership. The League fully understands that municipalities are the foundation of Alabama's economy and that we must work diligently and intentionally to ensure our cities and towns continue to provide essential resources and services that foster safe, vibrant spaces for businesses to thrive and citizens to live, work, play and prosper.

Gregory D. Cochran,
Executive Director, Alabama League of Municipalities

The voice of Alabama's municipalities since 1935

The Alabama Gulf Coast Recovery Council

Administering Agency: The Alabama Department of Conservation and Natural Resources (ADCNR)

Application Timeline: Not Set

Type of Program: State Project Suggestions

Eligible Participants: State and local government agencies

Eligible Funds: Not listed at this time

Source of Funds: Resources and Ecosystems Sustainability, Tourist Opportunities and Revived Economies of the Gulf Coast (RESTORE) Act

Program Uses: Restoration and protection of the natural resources, ecosystems, fisheries, marine and wildlife habitats, beaches, and coastal wetlands of the Gulf Coast region; mitigation of damage to fish, wildlife, and natural resources; implementation of a federally approved marine, coastal, or comprehensive conservation management plan, including fisheries monitoring; workforce development and job creation; improvements to or on state parks located in coastal areas affected by the Deepwater Horizon oil spill; infrastructure projects benefitting the economy or ecological resources, including port infrastructure; coastal flood protection and related infrastructure; planning assistance; promotion of tourism in the Gulf Coast Region, including recreational fishing; and promotion of the consumption of seafood harvested from the Gulf Coast Region.

Contact Information:

ADCNR Deepwater Horizon Restoration Section

31115 Fiver Rivers Blvd.

Spanish Fort, AL 36527

Phone: (251) 621-1216

Email: amy.hunter@dcnr.alabama.gov

Program Description: The Governor, along with the Alabama Department of Conservation and Natural Resources and the Alabama Gulf Coast Recovery Council is tasked with overseeing this funding for the benefit of Alabama's natural resources and economy. Restoration is well underway in the state, with projects being funded across a wide-array of goals that, collectively, will significantly contribute to the improvement of Alabama's coastal resources and strengthen our state economy while improving the health and resiliency of our coastal communities.

Success Story

Alabama's initial Multiyear Implementation Plan (MIP) was approved in October 2018 by the United States Treasury Department. The MIP includes 15 projects that are in various phases of implementation. A state-of-the-art Automotive Logistics Roll-On/Roll-Off Terminal at the Alabama State Port Authority is completed. This project allows automobile and equipment manufacturers in Alabama access to cost-effective deep-water export opportunities for American-made products as well as the ability to import commodities and components that support those manufacturers, creating jobs and improving the regional economy. The projects that are in construction in 2023 include ALDOT Capacity Improvements, the Gulf Shores

Success Story continues next page

Ecotourism Center, a Mount Vernon Water Treatment Plant, Bayou la Batre wastewater infrastructure improvements, and City of Mobile Three Mile Creek Greenway Multi-Use Trail. Other projects, such as the Historic Africatown Welcome Center and wastewater infrastructure improvements in Satsuma, are completing their design phase. The total amount of Direct Component funds committed in this plan is \$192,416,758.

The AGCRC State Expenditure Plan (SEP) dedicates \$128,000,000 to 29 projects. Many of those projects are completing design or are under construction, including Canal Road Widening in Orange Beach, the Orange Beach Wildlife Center, and sewer infrastructure improvements in Orange Beach, Dauphin Island, Fairhope, and Bayou la Batre.

Water quality projects funded by the AGCRC have served as foundational leverage for additional water quality projects in Coastal Alabama with other sources of funding.

More information on projects can be found at <https://www.outdooralabama.com/programs/alabama-coastal-restoration-program>.

Gulf of Mexico Energy Security Act (GOMESA)

Administering Agency: The Alabama Department of Conservation and Natural Resources, State Lands Division

Application Timeline: Generally March/April annually. Project suggestions submitted after the deadline will be reviewed as they are received as time permits.

Type of Program: State Project Suggestions

Eligible Participants: State and Local Government Agencies and other organizations

Eligible Funds: Fluctuates annually

Source of Funds: Gulf of Mexico Energy Security Act (administered by the U.S. Dept. of the Interior)

Program Uses: Projects and activities for the purposes of coastal protection, including conservation, coastal restoration, hurricane protection, and infrastructure directly affected by coastal wetland losses; mitigation of damage to fish, wildlife, or natural resources; implementation of a federally approved marine, coastal, or comprehensive conservation management plan; mitigation of the impact of outer Continental Shelf activities through the funding of onshore infrastructure projects; and planning assistance and the administrative costs of statutory compliance with this section.

31115 Five Rivers Blvd

Spanish Fort, AL 36527

Email: jeremiah.kolb@dcnr.alabama.gov

Program Description: The Alabama Department of Conservation and Natural Resources, State Lands Division accepts project suggestions to be funded through the annual distribution of federal revenue sharing proceeds to the State of Alabama pursuant to the federal Gulf of Mexico Energy Security Act for the purposes described under Program Uses.

Success Story

During Fiscal Year 2022, Governor Kay Ivey announced the approval of 16 projects from the annual Gulf of Mexico Energy and Security Act Program (GOMESA) distribution. These projects focus on sewer infrastructure, water quality, land acquisitions, research, and recreational access improvements. The combined total of all projects, when implemented, will be over \$41 million.

FY2022 GOMESA Approved Projects

1. City of Spanish Fort Cypress Point Land Acquisition	\$8,500,000
2. City of Mobile Riverfront Park Enhancements: Reconnect with the River	\$8,000,000
3. Cedar Point Public Access Acquisition	\$2,254,500
4. University of South Alabama Healthy Ocean Initiative	\$2,018,880
5. Baldwin County Magnolia River Watershed Constructed Wetlands and Regional Detention - Kelly Pit Mitigation Site	\$4,000,000
6. City of Daphne Public Access Improvement Project through the Expansion of Bayfront Park	\$4,000,000
7. Dauphin Island Aloe Bay Living Shoreline, Habitat Protection and Public Access Amenities	\$2,211,700
8. City of Foley Nature Parks Expansion & Enhancements	\$2,500,000
9. City of Fairhope North Triangle Nature Park	\$999,989
10. Mobile County Water, Sewer and Fire Protection Wastewater Facilities for Southeastern Mobile County, Fowl River Road to Joe Carl Road	\$1,612,500
11. Bayou la Batre Utilities Board Sewer, North System Improvements	\$1,629,477
12. Daphne Utilities Board Windscape Lift Station Force Main Extension at D'Olive Creek	\$607,500
13. City of Loxley Corn Creek Tributary Restoration	\$250,000
14. Billy Goat Hole Boat Ramp Replacement	\$1,313,400
15. ADEM Coastal Area Litter Traps	\$1,000,000
16. 5 Rivers Delta Resource Center Facility Improvements	\$253,275

Alabama Coastal Area Management Program

Administering Agency: The Alabama Department of Conservation and Natural Resources, State Lands Division

Application Timeline: Spring 2023, projects begin October 2023

Type of Program: Request for Proposals, 1:1 non-federal match required

Eligible Participants: Entities conducting projects in Mobile and Baldwin Counties, including state and local government agencies, area-wide agencies, conservation districts, port authorities, school districts, public colleges and universities.

Eligible Funds: ~\$200,000

Source of Funds: Coastal Zone Management Act (Administered by NOAA)

Program Uses: Planning and implementation of projects that address environmental issues affecting the coastal area and/or promote sustainable economic development, including those that protect, enhance, and improve the management of natural, cultural, and historical resources and increase the sustainability, resiliency and preparedness of coastal communities. Applications must align with one of the following focus areas: Government Coordination and Local Government Planning; Public Access Improvement; Coastal Hazards and Resilient Communities; Coastal Habitats, Wetland Protection and Coastal Resource Stewardship; Coastal Nonpoint Source Pollution Control, including Tracking and Maintenance of On-Site Disposal Systems (e.g., septic tanks), Watershed Protection in Existing Development / New Development, and Wetlands, Riparian Areas, and Vegetated Treatment Systems.

Contact Information

State Lands Division – Coastal Section

31115 Five Rivers Blvd

Spanish Fort, AL 36527

Phone: (251) 621-1216

Email: will.underwood@dcnr.alabama.gov

Program Description: The Alabama Coastal Area Management Program (ACAMP), or Coastal Program, exists to balance economic growth with conservation of Alabama’s coastal resources by promoting wise management of cultural and natural resources and fostering efforts to ensure the long-term ecological and economic productivity of coastal Alabama. Funding is provided by the National Oceanic and Atmospheric Administration (NOAA) and administered by Alabama Department of Conservation and Natural Resources (ADCNR), State Lands Division, Coastal Section on a competitive basis. These grant funds are available pursuant to the Coastal Zone Management Act of 1972.

Success Story

Over the 40+ years of the program’s existence, the ACAMP has provided support for numerous low-cost public access improvements throughout Mobile and Baldwin Counties. These boardwalks, dune walk-overs, kayak launches, fishing piers, and trail heads have provided access to the natural resources of coastal Alabama through partnerships with local government entities. The program also supports local government planning efforts through funding and technical assistance to promote wise stewardship of coastal resources.

Community Development Block Grant: Annual Competitive Grants

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: Application deadline is announced during the annual workshop in the first quarter of the year.

Type of Program: Competitive grant program; match required in many instances

Eligible Participants: Non-entitlement municipalities and counties

Eligible Funds: Maximum \$500,000 per grant – Large Cities (population 3,000 or more)

Maximum \$400,000 per grant – Small Cities (population less than 3,000)

Source of Funds: U.S. Department of Housing and Urban Development

Program Uses: For water, sewer and wastewater facilities, roads, housing rehabilitation, demolition of dilapidated structures

Contact Information:

Kathleen Rasmussen

Community and Economic Development Division Chief

Phone: (334) 242-5897

Email: kathleen.rasmussen@adeca.alabama.gov

Website: www.adeca.alabama.gov/cdbg

Program Description: ADECA annually awards CDBG money for the Large City, Small City and County categories. Applicants are scored based on several competitive factors including community need, cost efficiency, appropriateness, and impact.

Success Story

The City of Chatom was awarded a \$350,000 grant to upgrade its wastewater facility to ensure reliable service for its residents.

Community Development Block Grant: Community Enhancement Fund

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: Application deadline is announced during the annual workshop in the first quarter of the year.

Type of Program: Competitive grant program

Eligible Participants: Non-entitlement municipalities and counties

Eligible Funds: Maximum \$400,000 per grant

Source of Funds: U.S. Department of Housing and Urban Development

Program Uses: For fire protection; senior citizen centers; community centers; boys and girls clubs; and recreational facilities, etc.

Contact Information:

Kathleen Rasmussen

Community and Economic Development Division Chief

Phone: (334) 242-5897

Email: kathleen.rasmussen@adeca.alabama.gov

Website: www.adeca.alabama.gov/cdbg

Program Description: This fund is available to all eligible communities to use for projects that address quality of life issues.

Success Story

The Town of Eclectic was awarded \$300,000 to construct a new playground, adult fitness area and other amenities to replace an older playground that had fallen into disrepair.

Community Development Block Grant: Planning Fund

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: Application deadline is announced during the annual workshop in the first quarter of the year.

Type of Program: Competitive grant program

Eligible Participants: Non-entitlement municipalities and counties

Eligible Funds: Maximum \$40,000 per grant

Source of Funds: U.S. Department of Housing and Urban Development

Program Uses: For comprehensive plans; elements of comprehensive plans; downtown revitalization plans; and regional strategies and plans, etc.

Contact Information:

Kathleen Rasmussen

Community and Economic Development Division Chief

Phone: (334) 242-5897

Email: kathleen.rasmussen@adeca.alabama.gov

Website: www.adeca.alabama.gov/cdbg

Success Story

The town of Altoona was awarded a \$40,000 grant to outline goals and future needs.

Community Development Block Grant: Economic Development Fund

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: The program is available on a continuous funding cycle.

Type of Program: Competitive grant program, requires 20% match

Eligible Participants: Non-entitlement municipalities and counties

Eligible Funds: Maximum \$200,000 per grant (can be waived)

Source of Funds: U.S. Department of Housing and Urban Development

Program Uses: For water, sewer, or road improvements; rail spurs, docks, etc.; Economic Development Incubator (\$250,000), and Economic Development Float Loans (\$10 million).

Contact Information:

Kathleen Rasmussen

Community and Economic Development Division Chief

Phone: (334) 242-5591

Email: kathleen.rasmussen@adeca.alabama.gov

Website: www.adeca.alabama.gov/cdbg

Program Description: The ED Infrastructure Fund is available to all eligible communities for projects supporting the creation or retention of jobs. Applicants for ED assistance should have a commitment from the business to create or retain 15 or more jobs. The business should fall within the SIC codes 20-39 or provide a significant economic benefit. Projects must not include intrastate relocation. The program is available on a continuous funding cycle. A 20% local match is required, and construction cannot begin prior to grant award or release of environmental conditions.

Success Story

The City of Scottsboro received a \$500,000 CDBG economic development award to provide infrastructure required to construct a new shopping center anchored by a Publix grocery store. The project supplied more than 100 jobs.

Emergency Solutions Grant

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: The program is available on a continuous funding cycle.

Type of Program: Competitive grant program, requires 20% match

Eligible Participants: Local units of government: cities, towns, or counties; private nonprofit organizations; and faith-based organizations

Eligible Funds: Grant ceiling of \$200,000 for single jurisdiction service area OR \$400,000 for multicounty service area

Source of Funds: U.S. Department of Housing and Urban Development

Program Uses: For street outreach; emergency shelter; homelessness prevention; rapid re-housing; Homeless Management Information System (HMIS); and administration

Contact Information:

Dave Veatch

Emergency Solutions Grant Program Manager

Phone: (334) 353-0288

Email: dave.veatch@adeca.alabama.gov

Website: <https://adeca.alabama.gov/esg>

Program Description: Grant funding is used to upgrade existing homeless facilities and domestic abuse shelters, to help meet the operating costs of such facilities, to provide essential services (such as health and mental health services) to both sheltered and unsheltered homeless persons, to help prevent homelessness, to rapidly re-house homeless persons and to assist in the costs of administering the Homeless Management Information System.

Land and Water Conservation Fund

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: Annually, but deadlines vary

Type of Program: Competitive grant program, requires 50% match

Eligible Participants: All political subdivisions of the state are eligible to participate in the LWCF program. As such, municipalities, counties, state agencies, state and local educational institutions, and state authorities created by the legislature may apply for LWCF assistance.

Eligible Funds: Grant ceiling of \$350,000 per application.

Source of Funds: The U.S. Department of the Interior, National Park Service

Program Uses: LWCF assistance can be used to acquire land and water interests for park purposes, develop new outdoor recreation facilities, and in certain instances, renovate existing recreation facilities. Virtually all public outdoor recreation activities are eligible for assistance under the program including playgrounds, ball fields, (including lights – concrete or metal poles only), court sports, picnic areas, camping areas, trails, splash pads, etc. In addition, support facilities such as concession stands, restrooms, park access roads, parking areas, utilities, and site preparation necessary to make a recreation activity area usable may qualify for assistance.

Contact Information:

Crystal Talley

Federal Initiatives and Recreation Division Chief

Phone: (334) 353-1893

Email: crystal.talley@adeca.alabama.gov

Website: www.adeca.alabama.gov/lwcf

Program Description: LWCF assistance may be used for the acquisition of land and water interests for park purposes, the development of new outdoor recreation facilities, and in certain instances, the renovation of existing public outdoor recreational facilities.

Success Story

The City of Valley received a \$139,197 grant to upgrade the playground and surrounding park at Shawmut Park. Upgrades including making the area more handicap accessible, adding a dog park and upgrading playground equipment.

Recreational Trails Program

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: Annually, but deadlines may vary each year

Type of Program: Competitive grant program, requires 20% match

Eligible Participants: Local, State, and Federal Agencies

Eligible Funds: Depending on the project \$200,000 - \$500,000 per project.

Source of Funds: U.S. Department of Transportation, Federal Highway Administration

Program Uses: For development of urban trail linkages (includes trail linkages to schools, parks, and existing trails); maintenance and restoration of existing recreational trails; provision of features which facilitate the access and use of trails by persons with disabilities; acquisition of easements for recreational trails or recreational trails corridors; acquisition of fee simple title to property from a willing seller for trail development; construction of new recreational trails; assessment of trail conditions for accessibility and maintenance; and development and dissemination of publications and operation of educational programs to promote safety and environmental protection.

Contact Information:

Crystal Talley

Federal Initiatives and Recreation Division Chief

Phone: (334) 353-1893

Email: crystal.talley@adeca.alabama.gov

Website: www.adeca.alabama.gov/trails

Program Description: The RTP provides grant assistance to state and federal agencies and local units of government for the acquisition and/or development/improvement of recreational trails and trail related resources. Examples of eligible trail types include but are not limited to walking, jogging, cycling, skating, mountain biking, hiking, backpacking, off-highway vehicle, and equestrian.

Success Story

The town of Section in Jackson County used a \$93,984 Recreational Trails grant to further enhance one of Alabama's more scenic views at Weatherington Park which offers a panoramic view of the Tennessee River.

Appalachian Regional Commission

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: The program is available on a continuous funding cycle

Type of Program: Competitive grant program, requires 20-70% match

Eligible Participants: State and local governments, non-profit organizations, and institutions of higher education in Bibb, Blount, Calhoun, Chambers, Cherokee, Chilton, Clay, Cleburne, Colbert, Coosa, Cullman, DeKalb, Elmore, Etowah, Fayette, Franklin, Hale, Jackson, Jefferson, Lamar, Lauderdale, Lawrence, Limestone, Macon, Madison, Marion, Marshall, Morgan, Pickens, Randolph, St. Clair, Shelby, Talladega, Tallapoosa, Tuscaloosa, Walker, or Winston county.

Eligible Funds: Maximum \$200,000 per project.

Source of Funds: U.S. Congress

Program Uses: To invest in entrepreneurial and business development strategies that strengthen Appalachia's economy; improve the education, knowledge, skills and health of residents to work and succeed in Appalachia; invest in critical infrastructure- especially broadband, transportation, and water/wastewater systems; strengthen Appalachia's community and economic development potential by leveraging the region's natural and cultural heritage assets; and build the capacity and skills of current and next generation leaders and organizations to innovate, collaborate and advance community and economic development.

Contact Information:

Crystal G. Talley

Federal Initiatives and Recreation Division Chief

Phone: (334) 353-2630

Email: crystal.talley@adeca.alabama.gov

Website: www.adeca.alabama.gov/arc

Program Description: The Commission is a partnership of federal, state, and local governments, and was created to promote economic growth and improve the quality of life in the 13-state region stretching along the Appalachian Mountains from southern New York to northern Mississippi. The region includes 420 counties, incorporating all of West Virginia and counties in 12 other states: Alabama, Georgia, Kentucky, Maryland, Mississippi, New York, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, and Virginia.

Success Story

A \$200,000 grant from the Appalachian Regional Commission (ARC) enabled the town of Stevenson to upgrade a street which was instrumental in the expansion of a local metal fabrication plant and the hiring of 30 additional employees for the industry.

Delta Regional Authority

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: The program is available on a continuous funding cycle.

Type of Program: Competitive grant program

Eligible Participants: Cities, counties and regional planning agencies in Barbour, Bullock, Butler, Choctaw, Clarke, Conecuh, Dallas, Escambia, Greene, Hale, Lowndes, Macon, Marengo, Monroe, Perry, Pickens, Russell, Sumter, Washington and Wilcox.

Eligible Funds: No set amount

Source of Funds: U.S. Congress

Program Uses: To invest in entrepreneurial and business development strategies that strengthen the Black Belt region's economy; improve the education, knowledge, skills and health of residents to work and succeed in the Black Belt; invest in critical infrastructure- especially broadband, transportation, and water/wastewater systems; strengthen the Black Belt's community and economic development potential by leveraging the region's natural and cultural heritage assets; and build the capacity and skills of current and next generation leaders and organizations to innovate, collaborate and advance community and economic development.

Contact Information:

Crystal G. Talley

Federal Initiatives and Recreation Division Chief

Phone: (334) 353-2630

Email: crystal.talley@adeca.alabama.gov

Website: www.adeca.alabama.gov/dra

Program Description: The Delta Regional Authority (DRA) encourages the development of new jobs and basic improvements to enhance quality of life. The DRA's formula for strengthening economies is to improve education, infrastructure, transportation, and businesses with an emphasis on private enterprise.

Success Story

The Delta Regional Authority awarded a \$356,066 grant to help the city of Georgiana rehabilitate its public water service to continue to provide safe, dependable water to 979 households.

Southeast Crescent Regional Commission

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: The program is available on a continuous funding cycle.

Type of Program: Competitive grant program

Eligible Participants: Cities, counties and regional planning agencies in Autauga, Baldwin, Coffee, Covington, Crenshaw, Dale, Geneva, Henry, Houston, Lee, Mobile, Montgomery and Pike.

Eligible Funds: No set amount. Requires a match of 20 to 50 percent.

Source of Funds: U.S. Congress

Program Uses: To build sustainable communities and strengthen economic growth in southeast and coastal Alabama. The commission was created by Congress in 2008 and takes in counties in all or parts of Alabama, Florida, Georgia, Mississippi, North Carolina, South Carolina, Virginia. In Alabama it includes counties not part of the Appalachian Regional or the Delta Regional commissions.

Contact Information:

Crystal G. Talley

Federal Initiatives and Recreation Division Chief

Phone: (334) 353-2630

Email: crystal.talley@adeca.alabama.gov

Website: <https://adeca.alabama.gov/scrc/>

Program Description: The programs supply funding to support infrastructure, business and economic development, workforce and labor and natural resources.

State Energy Program

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: Application deadline varies (but generally in late summer)

Type of Program: Competitive grant program

Eligible Participants: Local Governments, K-12 Schools, and Non-Profit Organizations

Eligible Funds: \$25,000 to \$40,000

Source of Funds: U.S. Department of Energy

Program Uses: In the areas of building energy codes, industrial energy efficiency, energy education, renewable fuels, performance contracting and alternative transportation fuels.

Contact Information:

Karl Frost

Energy Efficiency Unit Chief

Phone: (334) 242-5322

Email: karl.frost@adeca.alabama.gov

Website: www.adeca.alabama.gov/energy

Program Description: The funding is utilized to plan and implement energy programs in Alabama that are designed to achieve national energy goals such as lowering energy costs and consumption, decreasing reliance on imported energy, reducing impacts of energy production and use on the environment and to increase energy security and reliability.

Success Story

The town of Ider in DeKalb County used a \$40,000 energy grant to provide energy efficient LED lighting and HVAC upgrades at Town Hall, City Library, Fire Department and the Senior Center.

Volkswagen Settlement Eligible Mitigation Action Item Projects

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: Varies. (Program will only run until funds expended)

Type of Program: Competitive grant program, requires various matching amounts

Eligible Participants: Government and non-government entities

Eligible Funds: Varies

Source of Funds: Volkswagen Mitigation Trust

Program Uses: For on-road heavy duty vehicles; non-road equipment; locomotives; and commercial marine vessels.

Contact Information:

Shonda Gray

Financial and Special Projects Unit

Phone: (334) 242-5365

Email: shonda.gray@adeca.alabama.gov

Website: www.adeca.alabama.gov/vwsettlement

Program Description: The purpose of this grant program is to fund projects to reduce levels of nitrogen oxides (NO_x) within the state of Alabama.

Success Story

The Fort Payne Improvement Association used a \$45,500 grant to set up a two-bay charging station in downtown which in essence coerced motorists off Interstate 59 and into the city where they might eat, tour the area and increase commerce.

Byrne Memorial Judicial Assistance Grant Equipment: Competitive Fund

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: Applications are announced through state law enforcement member groups in late summer.

Type of Program: Competitive equipment grant program

Eligible Participants: Law enforcement agencies that do not qualify for direct funding from the U.S. Department of Justice

Eligible Funds: Not listed at this time

Source of Funds: U.S. Department of Justice, Byrne JAG

Program Uses: For law enforcement equipment upgrades.

Contact Information:

John Rogers

Program Manager

Phone: (334) 242-5831

Email: john.rogers@adeca.alabama.gov

Website: www.adeca.alabama.gov/law-enforcement-programs

Program Description: Competitive application to upgrade needed law enforcement equipment.

Alabama Surplus Property

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: None

Type of Program: Surplus equipment

Eligible Participants: Government and non-government entities

Eligible Funds: None

Match Requirement: None

Source of Funds: None

Program Uses: State and federal surplus equipment available including vehicles, tractors, office equipment and more.

Contact Information:

J. Brantley Tucker

Division Director

Phone: (334) 284-0577

Email: brantley.tucker@adeca.alabama.gov

Website: www.adeca.alabama.gov/surplus

Program Description: ADECA's Surplus Property Division's warehouses in Montgomery and Eva (Morgan County) contain state and federal surplus items ranging from vehicles to generators, to traditional office equipment. In some cases, unused and gently used items are available. Some special items are also available during disasters. The Law Enforcement Support Office provides military equipment for police departments at no charge. These surplus items are usually located at military bases throughout the United States. Interested entities are required to transport all items at their own expense.

Office of Water Resources: Floodplain Management

Administering Agency: Alabama Department of Economic and Community Affairs

Application Timeline: None

Type of Program: Information

Eligible Participants: Communities that participate in the National Flood Insurance Program

Eligible Funds: None

Source of Funds: None

Program Uses: To help communities reduce flood damage to both new and existing buildings and infrastructure.

Contact Information:

Brian Atkins

OWR Division Chief

Phone: (334) 353-1998

Email: brian.atkins@adeca.alabama.gov

Website: www.adeca.alabama.gov/floods

Program Description: ADECA's OWR Floodplain Management Unit works closely with local communities and the Federal Emergency Management (FEMA) to build relationships to strengthen their mitigation plans and take action to protect their residents and reduce flood risk.

Drinking Water State Revolving Fund (DWSRF) Loan Program

Administering Agency: Alabama Department of Environmental Management

Application Timeline: Applications may be submitted and reviewed year-round; however, to be considered for Principal Forgiveness (up to \$500,000 but no more than 50% of a project), the application must be submitted no later than February 1 of each year.

Type of Program: Competitive loan program

Eligible Participants: Any public body, including counties, state agencies, incorporated cities and towns, boards, and authorities, may apply for SRF financing.

Eligible Funds: Based upon availability of funds – typically, there is a range of \$40-\$80 million dollars available on an annual basis. The amount is determined based on annual infrastructure allocations approved through the US Congress and revenue generated by the program, which are obligated to service new loans.

Source of Funds: State and U.S. Environmental Protection Agency

Program uses: Rehabilitate or develop water sources to replace contaminated sources; install or upgrade treatment facilities if the project would improve the quality of drinking water to comply with primary or secondary standards; install or upgrade water storage tanks to prevent microbiological contaminants from entering the water system; install or replace distribution pipes to prevent contamination caused by leaks or breaks in the pipe; consolidate water supplies when customers have an inadequate quantity of water, the water supply is contaminated, or the system is unable to maintain compliance for financial or managerial reasons; and other projects meeting the priority objectives of the program.

Contact Information:

ADEM

Attn: SRF Section

Post Office Box 301463

Montgomery, Alabama 36130-1463

Phone: (334) 271-7714

Email: srf@adem.alabama.gov

Website: <http://adem.alabama.gov/programs/water/srf.cnt>

Program Description: Alabama's DWSRF is a perpetual source of low-cost financial assistance with fixed loan interest rates substantially lower than the prevailing municipal bond rates, for the construction of public water supply facilities needed to meet compliance standards and public health requirements. The Fund may offer loans for up to 100% of allowable project costs for up to 20 years (longer for qualifying communities).

Success Story

Over the past two years, the DWSRF has experienced enormous demand from large and small systems, both economically challenged and financially stable. The Department has successfully serviced all of the disadvantaged communities and a high percentage of all communities who requested a loan. The Department has loaned nearly \$100 million dollars in each of the past two years to support drinking water system projects. In addition, over the past two years, the DWSRF has provided \$11 million dollars in additional subsidization in the form of principle forgiveness to disadvantaged communities based on median household income and average water rates.

Clean Water State Revolving Fund (CWSRF) Loan Program

Administering Agency: Alabama Department of Environmental Management

Application Timeline: Applications may be submitted and reviewed year-round; however, to be considered for Principal Forgiveness (up to \$500,000 but no more than 50% of a project), the application must be submitted no later than February 1 of each year.

Type of Program: Competitive loan program

Eligible Participants: Any public body, including counties, state agencies, incorporated cities and towns, boards, and authorities, may apply for SRF financing.

Eligible Funds: Based upon availability of funds – typically, there is a range of \$40-\$80 million dollars available on an annual basis. The amount is determined based on annual infrastructure allocations approved through the US Congress and revenue generated by the program which are rolled back into new loans.

Source of Funds: State and U.S. Environmental Protection Agency

Program uses: For wastewater treatment works; sewer rehabilitation; interceptors, collectors, and pumping stations; decentralized wastewater treatment; streambank restoration; permeable pavements; rain gardens and biofiltration products; brownfield remediation; and watershed and estuary protection projects.

Program Description: Alabama's CWSRF is a perpetual source of low-cost financial assistance with loan interest rates substantially lower than the prevailing municipal bond rates, for the construction of public water supply facilities needed to meet compliance standards and public health requirements. The Fund may offer loans for up to 100% of allowable project costs for up to 20 years.

Success Story

Over the past two years, the CWSRF has experienced enormous demand from large and small systems, both economically challenged and financially stable. The Department has successfully serviced all of the disadvantaged communities and a high percentage of all communities who requested a loan. The Department has loaned nearly \$100 million dollars in each of the past two years to support clean water system projects. In addition, over the past two years, the CWSRF has provided \$3.5 million dollars in additional subsidization in the form of principle forgiveness to disadvantaged communities based on county poverty rate, unemployment rate, statewide population trend, energy efficiency, and water efficiency data.

Scrap Tire Marketing Program

Administering Agency: Alabama Department of Environmental Management

Application Timeline: Applications may be submitted throughout the year. There is no deadline for submittal of applications.

Type of Program: Competitive grant program

Eligible Participants: Eligibility for funding is limited to local governments and local governmental non-profits only.

Eligible Funds: Up to 20% of the Scrap Tire Environmental Fee is allocated on an annual basis.

Source of Funds: The Scrap Tire Environmental Fee is a fee that is collected at the point of sale from the consumer on replacement tires. Currently the fee is set at \$1 per new purchased tire.

Program Uses: Promote the growth of scrap tire markets and beneficial end-use of scrap tire material. The Department has granted funds to projects that include the use of scrap tire material as septic drain field media, walking tracks and other athletic surfacing, research into rubber-modified asphalt, splash pads, and for playground and landscape mulch.

Contact Information:

ADEM - Land Division

Attn: Materials Management Section

P.O. Box 301463

Montgomery, AL 36130-1463

Phone: (334) 274-4201

E-mail: scraptiremarketing@adem.alabama.gov

Website: <http://adem.alabama.gov/programs/land/scrapTire.cnt>

Program Description: Alabama's Scrap Tire Marketing Program was developed to promote the growth of scrap tire markets and beneficial end-use. The Scrap Tire Environmental Fee funds and promotes the development of scrap tire markets. Up to twenty percent of the Scrap Tire Environmental Fee is used for market development.

Success Story

This Marketing Grant Program has mutually supported the marketing of scrap tire materials for further usage while also beneficially supporting municipalities and counties through projects that aid their community. Coffee County received a Scrap Tire Marketing grant for approximately \$288,800 to support the use of recycled scrap tires in Rubber Modified Asphalt. The grant funds were utilized in the resurfacing of a portion of Coffee County Road 110 with Rubber Modified Asphalt in lieu of traditional asphalt. Through a demonstration, the new asphalt will be evaluated and compared to traditional asphalt resurfacing utilizing the Alabama Department of Transportation's current "Superpave Mix".

Alabama Recycling Fund Grant Program

Administering Agency: Alabama Department of Environmental Management

Application Timeline: Applications may be submitted by March 1st of each year utilizing ADEM Form 009.

Type of Program: Competitive reimbursement grant program; does not require matching funds

Eligible Participants: Local governments, authorities, governmental non-profit organizations, and regional recycling partnerships

Eligible Funds: Variable; 60% of available funds to Category 1 applicants (>40,000 households); 20% of available funds to Category 2 applicants (<40,000 households)

Source of Funds: Alabama Recycling Fund

Program uses: Offers grant funding to launch and/or further enhance recycling programs across Alabama to reduce material disposal in solid waste landfills. Grant funding can be used to purchase equipment, purchase educational materials, purchase professional services, or develop employment opportunities.

Contact Information:

ADEM - Land Division

Attn: Materials Management Section

Post Office Box 301463

Montgomery, Alabama 36130-1463

Phone: (334) 274-4201

Email: recycling@adem.alabama.gov

Website: <http://adem.alabama.gov/programs/land/recycling.cnt>

Program Description: The Alabama Recycling Fund Grant program was launched in 2008 with the Solid Waste and Recyclable Materials Management Act establishing a \$1.00/ton tipping fee on all landfilled solid waste. Of the funds generated by the tipping fees, 25% is allocated to the Alabama Recycling Fund. The fund allows ADEM to grant communities monies to launch and further enhance recycling programs, allowing to further reduce the solid waste stream in Alabama.

Success Story

Since 2009, the Department has awarded over 210 Alabama Recycling Fund grants, exceeding a total of \$21 million of funds granted, which has allowed for Alabama to meet the solid waste reduction goal for the past three years.

Brownfields Program

Administering Agency: Alabama Department of Environmental Management

Application Timeline: None

Type of Program: Voluntary; no-cost to applicant program for site assessment and remediation of properties suitable for redevelopment

Eligible Participants: Local governments and non-profit organizations. The following individuals that may initiate a request for assistance include mayors, city council members, economic development board members, presidents of non-profit organizations, and presidents of universities.

Eligible Funds: Limited and on a first come–first served basis

Source of Funds: U.S. Environmental Protection Agency grant

Program uses: Conduct comprehensive community Brownfield surveys to assist with Brownfield prioritization; perform visioning workshops to encourage community input in site development; conduct Phase 1 and Phase 2 Assessments at “no cost” for public entities on first come–first served basis; cleanup enrolled properties to promote economic revitalization; other projects meeting the priority objectives of the program.

Contact Information:

ADEM - Land Division

Attn: Redevelopment Section

Post Office Box 301463

Montgomery, Alabama 36130-1463

Phone: (334) 279-3067

Email: BRVCP@adem.alabama.gov

Website: <http://adem.alabama.gov/programs/land/default.cnt>

Program Description: ADEM’s Brownfields Program assists local governments and non-profit organizations with assessment, cleanup, and redevelopment of Brownfields sites. ADEM may perform site assessments for these entities at no cost and also offers training and assistance on applying for EPA grants available under Section 128(a) of the federal Small Business Liability Relief and Brownfields Revitalization Act. The program is administered within the Land Division by the Redevelopment Section.

Voluntary Cleanup Program

Administering Agency: Alabama Department of Environmental Management

Application Timeline: Open

Type of Program: Voluntary; fee-based

Eligible Participants: Any public or private entity willing to enter into an agreement with the Department and adhere to the terms and conditions of the program may apply.

Eligible Funds: Fee-based (ADEM Division 1 Regulations - Schedule H) Source of Funds: Enrolled Parties

Program uses: Department oversight of assessment and cleanup activities on Brownfields properties; oversight visits before/during/after any cleanup actions; implementing soil/groundwater covenants when necessary; issuing fully transferable Letters of Concurrence upon program completion (Unconditional or Conditional); limited liability protections for the applicants who complete the program; other projects meeting the priority objectives of the program.

Contact Information:

ADEM - Land Division

Attn: Redevelopment Section

Post Office Box 301463

Montgomery, Alabama 36130-1463

Phone: (334) 279-3067

Email: BRVCP@adem.alabama.gov

Website: <http://adem.alabama.gov/programs/land/default.cnt>

Program Description: ADEM's Voluntary Cleanup Program is a fee-based program for public and private entities that provides oversight of assessment and cleanup of Brownfields properties. The program results in limited liability protection for the property owner. The enrolled site may also be eligible for Brownfields Tax Abatements. Additional benefits of the program include utilizing established infrastructure, transferrable benefits (Letters of Concurrence), and community support. The program is administered within the Land Division by the Redevelopment Section.

Alabama Land Brownfields Redevelopment State Revolving Loan Fund Program

Administering Agency: Alabama Department of Environmental Management

Management Application Timeline: None

Type of Program: Competitive loan program

Eligible Participants: Governmental entities

Eligible Funds: \$1 million

Source of Funds: State and U.S. Environmental Protection Agency

Program Uses: The remediation of contaminated Brownfields sites.

Contact Information:

ADEM - Land Division

Attn: Redevelopment Section

Post Office Box 301463

Montgomery, Alabama 36130-1463

Phone: (334) 279-3067

E-mail: bcstrf@adem.alabama.gov

Website: <http://adem.alabama.gov/programs/land/brownfields/bfredevelopment.cnt>

Program Description: Alabama's Brownfields Redevelopment State Revolving Fund (BRSRF) is designed to be a perpetual source of low-cost financial assistance, the loan interest rate is substantially lower than the prevailing municipal bond rate, for the remediation of Brownfields sites to an acceptable level for redevelopment. The BRSRF offers loans for up to 100% of allowable project costs for up to 10 years.

Success Story

Downtown Montgomery has entered a new era of Brownfields revitalization. Previous industrial and commercial activity in the downtown area resulted in contamination that hindered redevelopment efforts. However, the construction of the Riverwalk Stadium in 2004 sparked redevelopment in downtown Montgomery. The baseball stadium was constructed on the site of an historic train depot. Instead of knocking down the existing buildings, the architects incorporated them into the ballpark, creating a unique blend of old and new. The converted century-old train shed now includes 20 luxury suites from which to watch the game, picnic areas, concessions, and a childrens playground area.

Downtown Montgomery has also seen a surge of residential development. The recently developed Heights Montgomery overlooks the Alabama River and is steps away from the newly upgraded Wright Brothers Park, the EAT South Downtown Farm, and the core of downtown. The apartments include 164 residential units, swimming pool, and fitness center. Through the partnership efforts of a number of organizations, Eat South's Downtown Farm, located on a former rail yard, was remediated and then redeveloped. After conducting Brownfields assessments, the site was determined to be suitable for use as an urban garden. The community garden space provides fresh produce as well as a hands-on educational learning center for schools. For most of the projects listed above, the City of Montgomery utilized various Brownfields grants and the BRSRF to asset and clean-up the sites to prepare them for redevelopment.

Hazard Mitigation Grant Program

Administering Agency: Alabama Emergency Management Agency

Application Timeline: Generally, around 90 days from the major disaster declaration date

Type of Program: Federally declared disaster grant program

Eligible Participants: State and local governments, Native American tribes, and certain non-profit organizations

Eligible Funds: An estimate of HMGP funding will be provided after completion of Joint Federal/State/Local Public Assistance (Infrastructure) Damage Assessments. A much better figure will be provided after the 90-day estimate is provided by FEMA. Hazard Mitigation is generally funded at 15% of the 90 day estimate.

Match Requirement: Minimum 25% match required

Source of Funds: FEMA, under the Department of Homeland Security

Program Uses: Implement long-term hazard mitigation measures after a major disaster declaration.

Contact Information:

Alabama Emergency Management Agency

Hazard Mitigation Section

Phone: (205) 280-2316

Email: mitigation@ema.alabama.gov

Website: <https://ema.alabama.gov/hazard-mitigation-grant-program/>

Program Description: The purpose of the program is to reduce the loss of life and property due to natural disasters and to enable mitigation measures to be implemented during the immediate recovery from a disaster.

Success Story

Both Baldwin County and Escambia County have used past 406 mitigation opportunities to upgrade many culverts countywide. Baldwin County accomplished this by a combination of methods. First the county adopted codes and standards requiring all existing repairs to culverts be upgraded from CMP to concrete pipes. Additionally, the county has used the opportunity to upsize many pipes to reduce the impacts from future events saving the need for future disaster funding for repairs or replacement. Escambia County has used opportunities to upsize pipes to greatly reduce the impacts in future events as well. In Hurricane Sally, there was little to no impact involving the structures previously mitigated.

The City of Elba has experienced repetitive losses because of flooding in the past. The city is taking the opportunity to use HMGP 404 funds to buyout the repetitive loss structures and turn the area into green space that can absorb more of the flood inundation in the future and provide an aesthetically appealing open space.

Flood Mitigation Assistance

Administering Agency: Alabama Emergency Management Agency

Application Timeline: Application period opens around September each year and in 2022 the deadline was in November

Type of Program: Competitive grant program

Eligible Participants: State and local governments and Native American tribes

Eligible Funds: \$800 million nationwide

Match Requirement: Minimum 25% match required

Source of Funds: FEMA, under the Department of Homeland Security

Program Uses: Implement long-term hazard mitigation measures tied to flood reduction mitigation activities.

Contact Information:

Alabama Emergency Management Agency

Hazard Mitigation Section

Phone: (205) 280-2316

Email: mitigation@ema.alabama.gov

Website: <https://www.fema.gov/grants/mitigation/floods>

Website: <https://www.fema.gov/grants/mitigation/fy2022-nofo>

Program Description: The FY 2022 Flood Mitigation Assistance (FMA) grant program makes federal funds available to states, U.S. territories, Indian tribal governments, and local communities to reduce or eliminate the risk of repetitive flood damage to buildings and structures insured under the National Flood Insurance Program (NFIP).

Success Story

On numerous occasions local governmental entities have utilized this grant to remove structures from flood prone areas by either buyouts or elevations. These actions have reduced future losses. AEMA is currently working on elevations of homes that will not only reduce future losses but ensure that the homes are by in large not impacted allowing homeowners to resume their normal activities with little disruption.

Building Resilient Infrastructure and Communities (BRIC) Grant Program

Administering Agency: Alabama Emergency Management Agency

Application Timeline: Application period opens around September each year and in 2022 the deadline was in November

Type of Program: Competitive grant program

Eligible Participants: State and local governments and Native American tribes

Eligible Funds: \$2.295 billion nationwide, with a maximum of 2 million federal cost share per state

Match Requirement: Minimum 25% match required

Source of Funds: FEMA, under the Department of Homeland Security

Program Uses: Implement long-term hazard mitigation measures tied to innovative community mitigation initiatives.

Contact Information:

Alabama Emergency Management Agency

Hazard Mitigation Section

Phone: (205) 280-2316

Email: mitigation@ema.alabama.gov

Website: <https://www.fema.gov/grants/mitigation/fy2022-nofo>

Website: <https://www.fema.gov/grants/mitigation/building-resilient-infrastructure-communities>

Program Description: The FY 2021 Building Resilient Infrastructure and Communities (BRIC) program aims to categorically shift the federal focus away from reactive disaster spending and toward research-supported, proactive investment in community resilience. FEMA anticipates BRIC funding projects that demonstrate innovative approaches to partnerships, such as shared funding mechanisms, and/or project design.

Historic Sites Grant

Administering Agency: Alabama Historical Commission

Application Timeline: June 2023, contingent on legislative funding

Type of Program: Competitive grant program

Eligible Participants: Public or non-profits entities who own and operate historic sites in Alabama

Eligible Funds: Approximately \$2,300,000 annually, amounts will not exceed \$75,000 for any one entity

Source of Funds: State funds

Program uses: Repairs to historic buildings; work to correct any structural deficiencies; keeping moisture out of the building; upgrading or repair of mechanical systems; roof repair or replacement, painting, and removal of vegetation; educational programming, and interpretive signage; and grave marker cleaning and repair.

Contact Information:

Alabama Historical Commission

Attn: LaTarra Tetter

P. O. Box 300900

Montgomery, Alabama 36130-0900

Email: grants@ahc.alabama.gov

Website: <https://ahc.alabama.gov/Resources/grants.aspx>

Program Description: Grants will be awarded to public or non-profit entities who own and operate historic sites in Alabama, reflect an education-based mission, concentrate on educational programming, and reflect the geographical diversity of the state. Preference will be given to properties built before 1840 to 1943 that are listed in or eligible for the National Register of Historic Places and to historic school structures.

Homeland Security Grant Program

Administering Agency: Alabama Law Enforcement Agency (ALEA)

Application Timeline: Based on release of federal funds – Application deadlines will be published to ALEA’s website each year.

Type of Program: Competitive grant program

Eligible Participants: Units of local government

Eligible Funds: Approximately \$2 million annually

Source of Funds: US Department of Homeland Security through the Federal Emergency Management Agency (FEMA)

Program uses: The Homeland Security Grant includes a suite of risk-based grants to assist state, local, tribal and territorial efforts in preventing, protecting against, mitigating, responding to and recovering from acts of terrorism and other threats. This grant provides grantees with the resources required for implementation of the National Preparedness System and working toward the National Preparedness Goal of a secure and resilient nation.

Contact Information:

Wendy Taylor, ALEA Programs Office

Phone: (334) 676-6830

Email: grantsadmin@alea.gov

Website: <https://www.alea.gov/office-of-the-secretary/homeland-security>

Program Description: The purpose of the HSGP is to provide funds to eligible entities to support state, local, tribal, and territorial efforts to prevent terrorism and other catastrophic events and to prepare the nation for the threats and hazards that pose the greatest risks to the security of the United States.

Success Story

Homeland Security grants are vital in acquiring funding to support the Montgomery County Sheriff’s Office’s needs. Deputies all over the state encounter stressful situations daily. There is no crystal ball to alert deputies when a critical incident is about to happen; thus, there is no immediate preparedness for the experience.

Funds from Homeland Security impacted the Montgomery County Sheriff’s Office across primary focus areas, from Interoperable Communications to training platforms. The department was able to purchase P-25 compliant radios, mobile data terminals, and a state-of-the-art VirTra Firearms Training Simulator through these funds, which provides realistic training, and can be the difference between life and death. The simulator’s acquisition enables the department to assist law enforcement officers, emergency response teams, and military personnel in improving their tactical decision-making skills and conditioning their response to fear, ultimately saving lives.

Alabama State Council on the Arts - Project Funding

Administering Agency: Alabama State Council on the Arts

Application Timeline: Deadlines on June 1, 2023, and September 1, 2023

Type of Program: Competitive grant program

Eligible Participants: Organizations legally domiciled in Alabama; 501(c)(3) nonprofit entities in good standing with Internal Revenue Service; public institutions such as schools, school boards, local or county agencies, or municipal governments; colleges and universities

Eligible Funds: Up to \$3,000 for Arts in Education Enhancement Project Grants; up to \$10,000 for Projects and/or Arts in Education Curriculum-based Project Grants; up to \$20,000 for Administrative or Consolidated Project Grants. A combined total of requests may not exceed \$40,000 per organization per fiscal year.

Source of Funds: State and Federal

Program Uses: Projects that occur between October 1, 2023, and September 30, 2024; Please visit arts.alabama.gov to read the Guidelines document for detailed program funding criteria.

Contact Information:

Dr. Andrew Henley

Deputy Director

Phone: (334) 242-5137

Email: Andrew.Henley@arts.alabama.gov

Program Description: Detailed program descriptions can be found at arts.alabama.gov.

Success Story

Montgomery's Rotary Park received a project grant in 2020 for a facelift, complete with a public art installation, an abstract "RP" for Rotary Park made to look like a dog by typography artist June Corley, a native of Opelika. The park, with the areas only dog park, is now a designated space for daily food truck offerings and regularly scheduled city-sponsored events with the sculpture serving as an instant "icon" in the city's vibrant downtown.

Tourism: Community Grants

Administering Agency: Alabama Tourism Department

Application Timeline: Available all year, but applications are due three months prior to the event.

Type of Program: Competitive grant program

Eligible Participants: Municipalities and non-profits

Eligible Funds: Maximum \$2,500 for festivals and \$5,000 for attractions

Match Requirement: None

Source of Funds: State Funds

Program Uses: There are three uses for this grant program. 1) design and printing of brochures, 2) websites and mobile applications, and 3) out of state advertising

Contact Information:

Community Grants Coordinator

Alabama Tourism Department

Post Office Box 4927

Montgomery, AL 36103-4927

Phone: (334) 242-4416

Fax: (334) 353 – 8249

Website: <https://tourism.alabama.gov/forms/matching-grants/>

Program Description: The Community Grants Program provides assistance to municipal and nonprofit Alabama organizations promoting travel and vacation business to Alabama on a reimbursement basis.

Tourism: Product Development Grants

Administering Agency: Alabama Tourism Department

Application Timeline: Available all year (depending on funding)

Type of Program: Competitive grant program

Eligible Participants: Municipalities and non-profits

Eligible Funds: Maximum \$50,000

Match Requirement: None

Source of Funds: State Funds

Program Uses: This grant program was setup to help tourism partners and destinations around the state to have access to funds for larger scale special projects and events which are statewide or regional in scope.

Contact Information:

Community Grants Coordinator

Alabama Tourism Department

Post Office Box 4927

Montgomery, AL 36103-4927

Phone: (334) 242-4416

Applications may be emailed to: grants@tourism.alabama.gov

Website: <https://tourism.alabama.gov/forms/>

Program Description: The Alabama Tourism Department (ATD) started the Product Development Grant program as a way to assist destinations in attracting large statewide or regional events. Grants have also been used to help create photo opportunities (murals, statues or other site specific installations) or other ways to engage tourists visiting our state.
